CAT/DOG  
LICENSING**

By choosing to license your pet you are partnering with MADACC as we all work together to ensure animals find their fastest route home.

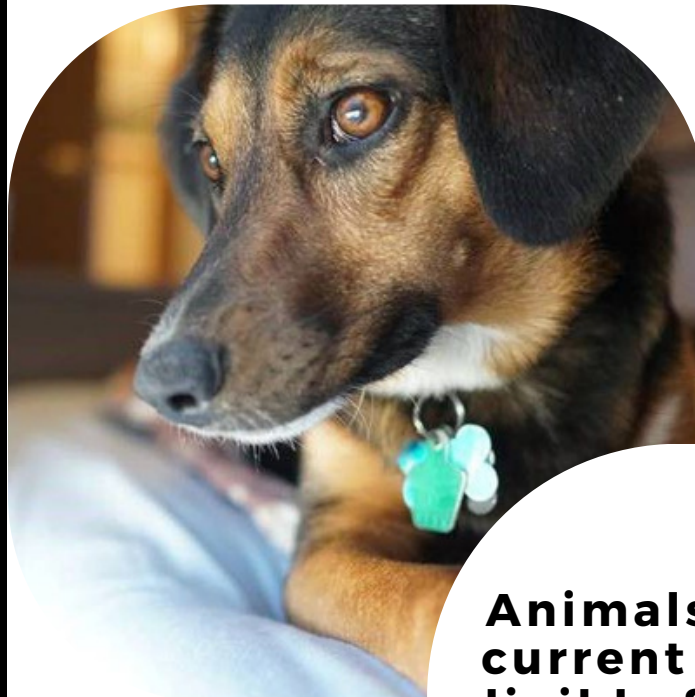

### Why get a license?

License tags for dogs and cats work the same as a driver's license works for the rest of us.

Each tag corresponds with your contact information that we keep on file and provide to MADACC Animal Control Officers or local law enforcement if we find your dog or cat when it is away from home without you.

This allows us to reach you and reunite you with your lost pet within minutes of finding them!

License tags also provide proof that your pet is vaccinated against rabies, which means they are in compliance with state law.

**Animals wearing a current license are eligible for one FREE ride home each year through MADACC, which is a great reason to license your animal.**
